

PLACES ARE ASSIGNED

Ladies of United Charities Draw Positions.

BADGES FOR GIVERS

Everybody Without One Subject to a Canvass.

The ladies of the United Charities Saturday and Sunday association were yesterday appointed to places for Saturday. So that there would be no favoritism as to position, the names were placed together, drawn and assigned as it chanced. The best hours of the day will be in the afternoon and evening, but unless otherwise arranged it is desired that all assignments be filled from 9 o'clock in the morning until closing hours at night, allowing ample time for lunch and dinner. The badges have been placed in the keeping of two ladies for distribution, one on Main street and one on Douglas avenue. All ladies placed on Main street will report to Miss Eva McGee, at Nevin's for badges, and all on Douglas avenue report to Miss Floy Gilmore, at Fulton's. Miss Maude Pratt will receive all money taken in during the day and act as first treasurer of the United Charities association. She will be stationed at the Frisco offices.

After the bill for printing is paid the proceeds will be equally divided among the three societies interested.

Following are the assignments:

Mrs. Barnard Thanks Mrs. Pinkham for Health.

[LETTER TO MRS. PINKHAM NO. 12,992]

"DEAR FRIEND—I feel it my duty to express my gratitude and thanks to you for what your medicine has done for me. I was very miserable and lost flesh very fast, had bladder trouble, fluttering pains about the heart and would get so dizzy and suffered with painful menstruation. I was reading in a paper about Lydia E. Pinkham's Vegetable Compound, so I wrote to you and after taking two bottles I felt like a new person. Your Vegetable Compound has entirely cured me and I cannot praise it enough."—Mrs. J. O. BARNARD, MILLTOWN, WASHINGTON CO., ME.

"I tried three doctors, and the last one said nothing but an operation would help me. My trouble was profuse flowing; sometimes I would think I would flow to death. I was so weak that the least work would tire me. Reading of so many being cured by your medicine, I made up my mind to write to you for advice, and I am so glad that I did. I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and followed your directions, and am now well and strong. I shall recommend your medicine to all, for it saved my life."—Miss A. P. Box 21 AUBURN, IOWA.

QUESTION OF LAW

Sumner County in a Wrangle Against Wellington.

WILL CONTEST IN COURT

Wichita Lawyers Employed to Help the County.

Sumner county is having a teeth to teeth struggle over the county high school question. The institution has been supported by the entire county, but at the extra session of the legislature, a year ago an act was passed submitting to a vote of the people of the county the question whether the county high school established in the city of Wellington should be supported by the entire county of Sumner. At the last general election there were 2,648 who voted against the maintenance of the high school by the county, and 2,100 who voted for the proposition. There were 32 mutilated ballots that were thrown out entirely. The total vote of the county was 5,248.

The county claimed that it had over 600 majority against the continuation of the school, and of the number voting on that question. The city of Wellington conceded that the county had this majority against the school of those voting on that question, but claims that the county should have a majority of all the votes cast at the general election.

The controversy was a hot one between the city and the county. John Adams of this city, who has been employed as an attorney by the county, claims that the commissioners should declare the result in favor of the county and against the maintenance of the school under the votes cast, and that there are several decisions of the supreme court in the state of Kansas holding that all the votes cast at the election are considered as voting on the school having a majority of the votes cast on that question; that the supreme court holds that those not voting are presumed to assent to a majority of the votes cast upon that question.

The controversy promises to be a hotly contested one, involving almost all of the citizens of Sumner county, who are on either one side or the other of the question whether the school shall be maintained by the county or not.

Mr. Adams returned from Wellington yesterday and says the case was continued over until next Saturday, when the hearing will be resumed.

DISCOVERED BY A WOMAN

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for several years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, she has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co. of Shelby, N. C. Trial bottles free at G. Gehring's drug store. Regular size 50c and \$1.00. Every bottle guaranteed.

ELEVEN INCHES AROUND

Big Red Apples in S. H. Kilgore's Office.

Commercial Freight Agent S. H. Kilgore, of the Missouri Pacific, has in his office on North Main street apples as fine as ever came to Wichita. One of them picked casually from the basket measured 11 inches in circumference and was red red.

They were all red and as big as eggs. This fine fruit was sent to Mr. Kilgore by Traveling Freight Agent D. E. King, of the Missouri Pacific, who got them from the famous apple country in Missouri through which the Missouri Pacific runs.

MUSIC AND DRAMA.

"TWO MARRIED MEN."

George R. Edson's latest comedy vaudeville, "Two Married Men," will appear at the Crawford theater this afternoon and evening. Unlike most farce comedies, there is a plot, and a very funny one, too; it deals with the mishaps of two husbands who start out to enjoy what they think are innocent flirtations. Little dreaming of the many trials and tribulations they will meet before returning to their own families. During the

GOLD DUST.

"Under the Dome," the new naval comedy which comes to the Crawford theater Friday, has met with phenomenal success since its initial production, September 26. A portion of the play deals with recent international history. The story is well told and while the situations are calculated to cause the loyal American heart to leap with fervent patriotism it is absolutely free from the "Jingoistic" spirit and deals with the nations interested in the Samoan affair of 1889 in a spirit of perfect fairness. Indeed, so skillfully is the story told that during the recent Canadian tour, the American flag incident was enthusiastically cheered by a body of English soldiers in the orchestra seats. The principal events of the play occurring during the fearful hurricane which swept the harbor of Apia, March 15, 1889, gives great opportunity for the scene painter and stage mechanic arts. It is said that the storm scenes, particularly the wreck of the Trenton, are absolutely unrivaled by any similar scenes of the stage. It will be remembered that at this time open hostilities between the German and United States government seemed imminent, owing to the position assumed by the former in depositing the king, Malietoa, and attempting to uphold by force of arms Tamasese, the usurper of the throne and creator of the Germans. On this fateful day there were gathered in the narrow reef-bound harbor the American warship, Trenton, Niels and Vandalla, the German Olga, Eber and Adler and the English Calliope and a large fleet of merchant and fishing vessels. All of these were wrecked with the exception of the Calliope which alone escaped through the narrow opening in the coral reef and out to the open sea by performing the most daring maneuver recorded in naval history. Expecting death themselves, the 400 men on board the Trenton sent after the Englishmen a mighty cheer of encouragement. Later when it seemed that the death of all on board the Trenton was but a matter of a few seconds, the hand assembled on deck and the anxious watchers on shore were thrilled with the sight of the Star Spangled Banner. The last of the storm scenes of the play shows the Trenton in the last desperate struggle with wind and wave.

Capable players, beautiful costuming, entirely new scenery, electrical and pyrotechnical displays never before seen on the stage, special music, a well drilled choir and many other new features are promised by the management of Lewis Morrison's "Faust," which will be seen here for the last time in the near future.

"A STRANGER IN NEW YORK."

The principal secret of the phenomenal prosperity of the firm of Hoyt and McKee is that, it has always been their endeavor to give to the public for every dollar invested, more than a dollar's worth of entertainment. How well they have succeeded in this is attested by the wonderful popularity and prosperity of Mr. Hoyt's plays. During this season "A Stranger in New York" will be presented with all its handsome scenery, brilliant stage settings and stunning gowns with a lot of new things in the way of specialties and musical numbers. The place will be pleasantly remembered from its former visits as being a breezy comedy, full of overflowing with bright and witty lines and funny scenes and situations, and a cast fully up to the Hoytian standard. Mr. Hoyt has sent nearly all of his plays to this city, but it is not saying too much that "A Stranger in New York" will prove the most interesting.

Two large audiences witnessed the performances presented by Beach and Bowler's minstrels at the Denver yesterday afternoon and evening. Many praiseworthy things had been said of this company prior to its appearance here. It is one of, if not the best, minstrel companies ever seen in this city. Life is infused into every song, dance and act. The performance goes with a vim and dash and a true ring of movement from start to finish. The first part is one of the old-style minstrel introductions, such as waltzes before the days of "Big Ben" and glitter and tinsel—a first part in which mirth, music, funny sayings and jokes, clever dances and catchy songs abound. Here are introduced the merry comedians, Woody and Joe Van; Eddy and Fred Le Barre, Herbert Swift, Jimmy Freeman, Fred Kerns and Bobby Beach—"I'm all alone." Among the vocalists and Lou Ware, Edith Nixon, Delany and others equally well and favorably known. Emil Kilment is interloper. Part second comprised an olio of much merit; after after act of rare excellence from the time Lou Kneizer (justly termed the "King of Clowns") comes on the stage, until the curtain drops on Bobby Beach and his troupe of trained dogs. In the olio are introduced Harry Freeman and Smith brothers in a clever acrobatic act, after which comes Woody and Van to amuse you a few moments, followed by the unique B. P. O. E. drill, with Bobby Beach as commander; a clever bicycle specialty, Van Brothers in a new musical specialty, Keno-Lee Barre trio and Albert Kitz. The performance, as a whole, was worthy and meritorious, much above the general average of minstrel performances—Denver Times, Sept. 12.

CASTORIA.

The first of the new stage play "The First of the New Stage Play" will be given at the Crawford theater this afternoon and evening.

VERMONT ANTI-TRUST MOVE

Prominent Republicans Urge It as the Cause of the Vermont Problem.

Concord, N. H., Nov. 29.—Senator Chandler, ex-Governor Charles A. Bushel and others today issued an address to the Republicans of New Hampshire, inviting cooperation in opposing what is termed "the railroad power" in the state, and in opposing any action in the state which would combine, and advancing improved electric lines, and other reforms. The address, in part, says:

"The undersigned Republicans solicit co-operation in efforts within the party to obtain the statutory prohibition of free passes or rebates; the repeal of the power of the supreme court to decide that any steam or electrical railroad which it promotes desire to build is unnecessary and hostile to the public convenience; a primary law governing the conduct and operations of the political parties; the discontinuance of the collection for alleged campaign expenses of large sums of money from office-holders, the treasuries and owners of railroads and other sources; and the promotion of honest election methods; the suppression of the evils arising from trusts."

Under the head of trusts, the address advocates the universal application in the state and nation of the principle of un-

His physicians did him no permanent good. He commenced using Ripans Tablets and obtained immediate relief. Restricting competition, which is the life of trade and the basis of all prosperity in society, and the election of members of the legislature and of congress who will enforce this principle. "The conventions will readily enough denounce trusts and declare for competition," the report continues on this point. "The danger is that the cause will be betrayed by representatives and senators in the state legislatures and in the national congress, by the people to stand against such betrayal."

The appeal concludes: "The undersigned believe that the neglect by Republicans generally to pursue earnestly and in good faith the five objects named above, will endanger Republican ascendancy in state and national affairs; the sincere and effective pursuit of these objects, state and national victory in 1900 will be achieved."

KNIGHTS OF LABOR IN POLITICS

They Will Also Establish a Correspondence School.

New York, Nov. 29.—A special 6 o'clock Times from Washington says: John W. Hayes, general secretary of the Knights of Labor, who has returned to the city from Boston, said that the Knights are going to abandon their time-honored custom of taking no part in politics. "The course of public events," he said, "has forced the order to change its views and to abandon its old policy of political neutrality. It has been resolved to take an active part in the politics of the country and to formulate a plan whereby political questions will be discussed and decided upon. The discussions will be non-partisan entirely, and the influence and strength of the order will be given to that party which candidates with and espouse the same view of matters as the order. The organization resolved, furthermore, to establish at the headquarters of the order a school of civics and political science, history, geography and composition, in order that young men may qualify themselves at nominal cost to intelligently and ably promulgate and defend Knights of Labor principles and study the problems of the present and the future with the aid of all that history and science can bring to their assistance. The school is to be established in Washington. All the work of the students will be carried on at home and will be directed by correspondence."

DEWEY IS NOT A CANDIDATE

He Thinks the American People "Have Too Much Sense for That."

New York, Nov. 29.—Admiral Dewey has repudiated his former assertion that he is not a candidate for the presidential nomination, and a Washington correspondent of the Herald. "President McKinley is a good friend of mine and I hope to see him secure a second term," the admiral said. "I hope my friends will not continue to talk of my being a candidate. The American people have too much sense to do anything of that kind. It seems to me that the so-called battle-scarred heroes, as a rule, have made poor presidents. President McKinley is a good friend of mine, and I shall never forget those noble, glowing messages that he sent me at Manila. I have preserved them all, and shall keep them as long as I live."

The admiral expresses much satisfaction with the news from the Philippines. He considers the insurrection practically at an end.

KANSAS MAN ATTEMPTS SUICIDE

Peter Peterson, a stockman, Falls River, Kan., Nov. 29.—Peter Peterson, a stockman, and former treasurer of Chase county, Kan., attempted suicide in the Live Stock Exchange here today, firing a bullet into his skull. Peterson had borrowed \$10,000 from a local bank, giving a mortgage upon 30 head of Kansas cattle, but to-day the bankers discovered that he had previously mortgaged the same cattle for \$10,000, and forced him to refund the money. It was after the exposure of this transaction that he attempted suicide.
